Sandspring Resources Closes Private Placement

June 12, 2019 – Denver, Colorado and Vancouver, British Columbia – Sandspring Resources Ltd. (TSX-V: SSP, OTCQX: SSPXF) (“Sandspring” or the “Company”) is pleased to announce that it has completed a non-brokered private placement of 26,801,000 units (each, a “Unit”), and 5,200,000 subscription receipts (each, a “Receipt”), at a price C\$0.125 per Unit and Receipt, for gross proceeds of C\$4,000,125. Each “Unit” issued in the placement consists of one common share and one share purchase warrant entitling the holder to purchase one additional share at C\$0.165 for a period of sixty (60) months. The placement was fully subscribed and included an investment from Gran Colombia Gold Corp. (“Gran Colombia”) in the amount of C\$2,000,000.

The Receipts were issued to Gran Colombia as part of its participation in the placement. Each “Receipt” will automatically convert into a Unit upon the Company receiving shareholder approval for the creation of Gran Colombia as a “control person” of the Company. In the event the Receipts have not converted into Units prior to December 31, 2019, Gran Colombia will be entitled to a refund of the proceeds received from the Receipts, \$650,000, along with annual interest at the rate of five percent. The Company intends to seek shareholder approval for the creation of Gran Colombia as a “control person” at its annual general meeting to be held later in the year.

All securities issued in connection with the private placement are subject to a four-month-and-one-day statutory hold period. In connection with completion of the placement, the Company paid cash commissions of C\$59,318.75 to certain eligible parties who introduced subscribers.

Early Warning

In connection with the placement, Gran Colombia acquired 10,800,000 Units of the Company, along with 5,200,000 Receipts. Following completion of the placement, Gran Colombia has control and direction over an aggregate of 48,300,000 common shares, 26,800,000 share purchase warrants and 5,200,000 Receipts. The common shares controlled by Gran Colombia represent approximately 19.96% of the outstanding common shares of the Company. Assuming conversion of the Receipts and exercise of the underlying warrants Gran Colombia, when combined with their existing ownership, would have control and direction over 85,500,000 common shares representing approximately 30.66% of the then outstanding common shares of the Company. Gran Colombia can potentially become a “control person” of the Company assuming conversion of the Receipts or the exercise of share purchase warrants and have undertaken not to exercise the warrants if such conversion would result in them becoming a control person of the Company, unless and until shareholder approval (excluding their votes) has been received.

Gran Colombia has acquired the securities of the Company for investment purposes and has no present intention to acquire further securities of the Company, although may in the future acquire or dispose of securities of the Company, through the market, privately or otherwise, as circumstances or market conditions warrant.

A copy of the early warning report filed by Gran Colombia in connection with the private placement is available under the Company's profile on SEDAR (www.sedar.com).
